**POSTAL SERVICES**

Namusisi, a pupil of Kasimeri Primary school, went to the post office one day. She wanted to post her letter but she didn't know what to do. So, she went to the post master to ask for some help. She said, "I have come here to ask you to show me how to send a letter by post," and if you are not too busy, I hope you will tell me about the postal system.

"Certainly," he said, "first I will show you how to write the address on the envelope." Namusisi wrote the address Nakato gave her. Then the post master took her to the counter to buy the stamps. This scale is for weighing letters and small parcels. The cost of sending something depends on the weight. It costs 500 per 100 grams to send a letter to Zimbabwe where your uncle lives.

The clerk at the counter weighed her letter. "that is shs. 1000," he said to Namusisi. Namusisi gave him the money. He gave her the postage stamp and an air mail sticker for the envelope. Namusisi stuck the stamp on the left as the postman told her.
